

Born in January of 2010 in Canterbury, *Delta Sleep* was driven by a desire to create fun and original, forward-thinking music. Made of self-taught and honest musicians, their songs are as complex as they are catchy.

Their music combines guitar driven melodies, held together by Jazz influenced percussion and relentless bass, topped with sprinkles of passionate shouts and lulling chants. To coin *Delta Sleep*'s sound is a hard task indeed, but has once been described by a wise old man as an "enchanted battle between *Don Cab* and *At The Drive-In* for the city of *Radiohead* in the land of *Faraquet*". Their playfulness invokes sugarcoated riffs, and their hospitality will warm you through on a crisp winter's day.

Their live show is a force to be reckoned with.

Energetic, captivating and extremely tight, they win over their audience at every turn. They have shared the stage with bands such as *Tera Melos*, *And So I Watch You From Afar*, *This Town Needs Guns*, *DD/MM/YYYY*, *Cougar*, *Tall Ships*, *Tubelord*, *Enemies*, to name just a few.

In December 2010, *Delta Sleep* self-released their first record *Delta Sleep EP* which is available as a free download right [HERE](#).

Their second EP *Management* marks a mature and distinct evolution in the band's sound. *Management* is set for release this May 2013 through the labels *Big Scary Monsters* (UK and EU) and *HipHipHip* (FR). Furthermore, *Delta Sleep* have just released a video for the first song on the EP, *16:40AM*, which you can watch right [HERE](#).

The EP release will coincide with a 2 week tour throughout the UK and northern Europe. Before then you can catch the band on several dates throughout the UK, including the 2nd May supporting *Minus the Bear* at the *Garage* in London.
